DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. In accordance with discussions made in a telephone interview with the inventor's representative, Mr. Douglas E. McKinley Jr. on May 5, 2004, the following changes have been made:

a. In claim 1, item "g", delete the period "." after "funnel" and add a comma ",". Add a new line "h. and further comprising the step of enhancing the hydrophobicity of the array."

b. In claim 8, line 1, delete the words "further comprising" and replace with "wherein". In line 2, insert the word "occurs" after the word "array".

c. In claim 9, item "c", delete the period "." after "funnel" and add a comma ",". Add a new line "d. wherein the hydrophobicity of the array is enhanced."

d. In claim 16, line 1 and 2, delete the words "the surface of the array is formed" and replace with "the hydrophobicity of the array is enhanced with a CF₄ rf plasma".

Allowable Subject Matter

3. Claims 1 – 16 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1 and 9, a review of prior art failed to make obvious, disclose or fairly suggest a method or apparatus for increasing total ion current produced from a liquid sample introduced into a mass spectrometer comprising enhancing the hydrophobicity of the array in addition to the accompanying features of the claims.

Claims 2-8 and 10-16 are allowed by virtue of their dependence upon claim 1 and 9 respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Regarding claims 1-16, the previous rejection of the claims is withdrawn. In addition, the Rule 131 Affidavits are approved and entered into the case.
